## 16 Amaroo Street Reid ACT

2 1 4

What would life look like living in a gorgeous and rare terrace style home that has been fully renovated all whilst positioned in the heart of one of Canberra's oldest suburbs? Allow us to paint the picture for you.

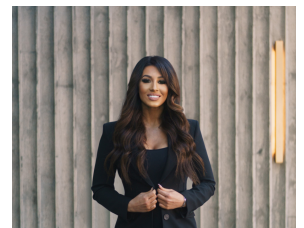

Established some 97 years ago, the suburb of Reid for many is aspirational and generational. Positioned in the very heart of Canberra, the homes are built with character, heritage, and each have their own story to tell. With established gardens, gorgeous tree lined streets, mature and shaded canopies, delightful bush walking trails and on the fringe of some of Canberra's most famous monuments, a chance to buy within the history of our capital.

Number 16 is reminiscent of the delightful terrace homes in other cities, with gorgeously appointed solid timber floors, timber sash windows, uniquely comforting and cosy design,
